Company Overview:

Reya Tex Ltd., established in 2008, is a leading manufacturer of high-quality woven fabrics, specializing in 100% export-quality non-denim fabrics. Headquartered in Dhaka, Bangladesh, Reya Tex Ltd. has grown to become a prominent player in the global textile market. With a focus on sustainable practices, technological innovation, and superior customer service, the company has built lasting relationships with some of the world's most recognized apparel brands.

At Reya Tex Ltd., we understand the dynamic needs of the apparel industry. Therefore, we specialize in producing a diverse range of woven fabrics, including 100% Cotton Sheeting/Herringbone/Poplin, T/C, T/R and 100% Polyester fabrics. Our products are known for their durability, aesthetic appeal, and premium quality, designed to meet the highest international standards.

Message from the Managing Director:

"At Reya Tex Ltd., our mission is to provide high-quality, innovative, and sustainable woven fabrics to our valued customers. Over the years, we have remained committed to the principles of integrity, quality, and environmental responsibility. As we continue to expand our reach, our focus remains on meeting the evolving needs of the global apparel industry while fostering strong, long-term relationships with our clients and stakeholders. I extend my heartfelt gratitude to all our clients, partners, and employees for their ongoing support, and we look forward to greater success together."

— **Md. Razib Hasan**, Managing Director, Reya Tex Ltd.

Manufacturing Units:

Reya Tex Ltd. operates three cutting-edge weaving units located in Narshingdi, Bangladesh, designed to meet the growing demand for high-quality woven fabrics. Our manufacturing facilities are equipped with state-of-the-art machinery and technology to produce fabrics in various constructions, GSM, and widths.

Unit 1: Khalpar, Maherpara, Madhabdi, Narshingdi

- **Focus:** Primarily 100% Cotton-based fabrics like Twill, Sheeting, Poplin and Herringbone.
- **Capacity:** Production of over 3,00,000 Meter/month.

Unit 2: Algi, Natun Bazar, Madhabdi, Narshingdi

- **Focus:** Blended fabrics T/C.
- **Capacity:** Production of over 5,00,000 Meter/month.

Unit 3: Kandapara, Algi, Madhabdi, Narshingdi

- **Focus: Blended fabrics T/C & 100% polyester fabric.**
- **Capacity:** Capable of producing 10,00,000 Meter/month.

Our facilities feature a combination of advanced air-jet looms, high-speed weaving machines, and modern finishing equipment to ensure efficiency, quality, and flexibility in our production processes.

Machinery List:

Reya Tex Ltd. employs advanced weaving technology to produce high-quality woven fabrics. Our manufacturing units are equipped with the latest machinery to ensure consistent, high-performance output. Some of the key machinery includes:

- **Shuttle Loom Machines**
- **Rapier Loom Machines**
- **Air-Jet Loom Machines**
- **Warping Machines**
- **Sizing Machines**
- **Quality Control Systems**
- **Cutting and Inspection Machines**

These machines, paired with skilled operators, allow us to deliver fabrics that meet the highest industry standards in terms of performance and finish.

Sustainability:

Reya Tex Ltd. is committed to sustainable manufacturing practices and eco-friendly production methods. We take proactive steps to reduce waste, conserve energy, and limit our environmental footprint.

Reya Tex Ltd. is focused on aligning its operations with global sustainability goals and meeting the growing demand for responsible manufacturing in the textile industry.

Conclusion:

Reya Tex Ltd. continues to set the benchmark for excellence in the textile industry. Our commitment to quality, sustainability, and customer satisfaction has earned us the trust of leading global brands and apparel manufacturers. With our advanced production capabilities, dedicated workforce, and industry certifications, Reya Tex Ltd. is well-positioned for future growth, both domestically and internationally.

We look forward to continuing our journey of innovation, sustainability, and service excellence as we contribute to the success of our clients and the global textile industry.
